OUR VALUES IN ACTION
● Care and Compassion ● Quality and Teamwork ● Dignity and Respect ● Openness, honesty and responsibility

BORDERS GENERAL HOSPITAL
INFECTION PREVENTION AND CONTROL TEAM
SENIOR INFECTION CONTROL NURSE (REF: NM2110)
Band 8a: £40,833 - £49,000 per annum pro rata
Permanent, 37.5 hours per week

This high profile role provides an exciting and challenging opportunity as we progress the infection prevention and control agenda across NHS Borders.

Living our organisational values, and building on your clinical and leadership experience, you will be a source of expert, highly specialist knowledge on Infection Control issues.

Patient Safety is NHS Borders primary corporate objective. You will take a lead role in the implementation of best practice, using your skills in teaching, in communication and motivation to influence attitudes and behaviours to support patient safety through the reduction in healthcare associated infection.

If you have the experience we’re looking for with demonstrable skills to succeed in this role, we would be delighted to hear from you.

Scottish Borders is a rural area of stunning natural beauty, steeped in history with many historic buildings and monuments. The rolling hills, moorland and picturesque Berwickshire coastline, are also ideal for outdoor pursuits and sports including fishing, horse riding, canoeing, archery, golf and walking as well as exciting mountain biking available at the two 7stanes centres.

The region has affordable housing, first rate local schools and good transport links including easy access to Edinburgh with a recently developed railway.

For an informal discussion, please contact Sam Whiting, Infection Control Manager on 01896 826886.

Closing date for completed application forms: 5pm on Friday 8th June 2018.
